

Annual Meeting of the Global Alliance on the Science of Learning for Education Programme

In partnership with

11-12 December 2025
UNESCO Headquarters

From research to results: The science of learning in practice

Anita Ponne/Shutterstock.com

Transforming from the ground up

Facilitator: Lisa-Maria Muller (Chartered College of Teaching, UK)

Shifting how we teach and how students learn with the science of learning (Glenn Whitman, The Center for Transformative Teaching and Learning at St. Andrew's (USA))

From neuroscience to classroom practice: Empowering students for learning, digital resilience, and global transformation (Oliver Kunkel, Bayerischer Elternverband e.V., Germany)

Becoming human: A learning ecosystem for our times (Kevin Bartlett, The Common Ground Collaborative, Panama)

Moving ahead with educational neuroscience in Australian independent schools (Christopher Duncan, Association of Heads of Independent School of Australia)
